## **CHIC Shanghai March 2020 Postponed**

Dear ladies and gentlemen,

In the name of the CHIC Organizing Committee we want to inform you that given the need to prevent and control a new corona virus infection, a top-level response mechanism for major public health emergencies has been launched in Shanghai. In order to effectively protect the health of exhibitors, trade visitors, staff and the public and to ensure an efficient trade fair for all participants, the date of the CHIC, China International Fashion Fair, originally planned from March 11 to 13, 2020, has been postponed.

We apologize for any inconvenience. At the same time, all activities on our part will be continued so as not to impair the successful execution of the postponed event.

We will actively respond to the development of the epidemic situation and negotiate with the relevant authorities to set a new extension period. As soon as this has been determined, we will notify you as soon as possible.

We thank all participants for their continuous support of the fair for 28 years and wish everyone the best of health!
